New Sensational

BRONZE BEAUTY LETTUCE

Bronze Medal
All-America Selection 1947

The proud winner of the BRONZE MEDAL in the 1947 All-America selections by the SEED TRADE ASSOCIATIONS of NORTH AMERICA, Germain's new Bronze Beauty Lettuce is tender, crisp and of unusually tasty nut-like flavor. The finest, most colorful and most delicious leaf lettuce for the home garden. Easy and quick to grow ... ready for the table about 40 days after seeding. The plants are vigorous, well formed, uniform in height, and resistant to hot weather. The leaves are shaped in an entirely new pattern ... long, neatly arched and with margins deeply lobed and scalloped. Their color too, is entirely new ... a warm ruddy bronze sheen completely suffuses the soft green undertone, making the foliage delightfully attractive.

A real "find" for thrilling new garnishes with cold cuts, sandwiches, etc. — a new "must" in colorful, appetizing salads.
BRONZE MEDAL
All-America Selection 1947

THIS IS TO CERTIFY

Bronze Medal
All-America Selection 1947

The proud winner of the BRONZE MEDAL in the 1947 All-America selection by the SEED TRADE ASSOCIATIONS of NORTH AMERICA, Germain's new Bronze Beauty Lettuce is tender, crisp and of unusually tasty nut-like flavor. The finest, most colorful and most delicious leaf lettuce for home gardens. Easy and quick to grow, ready for the table about 40 days after seeding. The plants are vigorous, well formed, uniform in height, and resistant to hot weather. The leaves are shaped in an entirely new pattern - long, nearly arched and with margins deeply lobed and scalloped. Their color too, is entirely new - a warm ruddy bronze sheen completely suffuses the soft green undertone, making the foliage delightfully attractive.

A real "find" for thrilling new garnishes with cold cuts, sandwiches, etc. - a new "must" in colorful, appetizing combination salads, salad bowls, mixed salads - and an adventure in good eating as just plain lettuce salad with an intriguing, eye winning, taste satisfying new zest.
